- NodeJs
- Git/Github

SOFT SKILLS

- Willingness to learn
- Effective communication
- Teamwork
- Critical thinking

LANGUAGES

- Hungarian: Native
- English: C2/C1
- German: B2

WORK EXPERIENCE

QA Tester

Testlio | Remote

2022 Dec. – 2023 Dec.

As a freelance QA Tester at Testlio, I earned relevant experience in end-to-end, usability, localization, accessibility, functional and regression testing, while working on different projects in a fully remote, project-based environment.

Frontend Developer

MOHAnet Mobilsystems | Budapest, Hungary

2021 June – 2022 Aug.

As a Frontend Developer, I helped to develop the renewed version of the Monitoringbook Pro, a client-side component of MOHAnet's monitoring and alerting system.

Frontend Developer Trainee

MOHAnet Mobilsystems | Budapest, Hungary

2021 Feb. – 2021 June

As a Frontend developer trainee, I learned how to use my previously acquired knowledge to take part in developing a web application for data visualization and administration of data-collecting devices.

EDUCATION

MSc, Computer Science

University of Copenhagen

2022 – 2024 | Unfinished

Erasmus+ semester at Humboldt-Universität zu Berlin

BSc, Computer Science

Eötvös Lóránd University

2018 - 2021
